the client is our  
true north.

## WHO WE ARE

AccuSource, Inc. is a pre-employment background and drug screening organization, providing services in all 50 states and over 200 countries and territories worldwide. Our background screening services include criminal records, driving records, credit reports, social security traces, e-Verify and I-9 verification, employment verification, education verification, Sarbanes-Oxley compliance, regulatory compliance searches and more. AccuSource provides drug and alcohol screening collections at over 3000 in-network and preferred third-party collection facilities nationwide. We also support on-site collection services and for cause, post-accident and reasonable suspicion testing. Additionally, AccuSource offers ongoing compliance support and client education, vendor screening program management, student screening, contingent labor program support and many other hiring risk mitigation options.

## OUR FOCUS IS ON OUTSTANDING CUSTOMER SERVICE

AccuSource is committed to active partnership with our customers and continuously works to personalize the client experience. We engage a client-first approach to problem-solving and strive to identify innovative solutions to client human resource, security and compliance challenges.

Our customer obsession is evident in each interaction with AccuSource. We extend the same level of dedication and courtesy to both clients and consumers. Our knowledgeable US-based team members work to quickly resolve inquiries and service needs while our strategic account management group proactively partners with clients to ensure ongoing program success.

### **Concierge-level Service**

Our commitment to quality service is unparalleled. We want each client and candidate to feel we went above and beyond expectations to ensure their individual needs were met.

### **Dedicated, US-based Team**

Many of our competitors outsource labor to overseas to reduce costs. At AccuSource, we believe a commitment to service excellence begins with investing in a US-based staff.
